PROFESSIONAL SUMMARY

Aspiring Full Stack Developer with hands-on experience building web applications using the MERN Stack (MongoDB, Express.js, React.js, and Node.js). Proficient in JavaScript, REST APIs, and responsive web development. Former IT & Cyber Security Professional (2024–2026) with experience in technical operations, documentation, and problem-solving. Seeking a MERN Stack Internship to apply my development skills while continuing to grow as a software engineer.

TECHNICAL SKILLS

Languages: JavaScript (ES6+), HTML5, CSS3
Frontend: React.js, Bootstrap, Responsive Web Design
Backend: Node.js, Express.js
Database: MongoDB, Mongoose

PROJECTS

QRify | React.js, Tailwind CSS

- Developed a responsive QR code generator supporting multiple QR types, customizable designs, logo embedding, and downloads in PNG, JPEG, SVG, and PDF formats.
- Built reusable React components with a clean, user-focused interface.

E-Shopo | React.js, CSS

- Built a responsive e-commerce frontend with dynamic product listings, reusable components, and intuitive navigation.
- Focused on responsive design and component-based architecture.

Blog Web | HTML, CSS, JavaScript

- Developed a blog application featuring user registration, login, and blog management using Local Storage.
- Implemented authentication flow and CRUD-like functionality for blog posts.

JavaScript Quiz App | HTML, CSS, JavaScript

- Created an interactive quiz application with randomized questions, instant score calculation, and responsive design.
- Applied JavaScript DOM manipulation and event handling to deliver an engaging user experience.

EDUCATION

Bachelor of Science in Computer Science (BSCS) | In Progress
ILMA University, Karachi
