PROFESSIONAL SUMMARY

Aspiring **MERN Stack Developer** currently pursuing a BSCS degree, with hands-on experience building responsive full-stack web applications using MongoDB, Express.js, React.js, and Node.js. Proficient in JavaScript (ES6+), REST API development, authentication with JWT, and modern frontend/backend workflows. Previously gained experience in a government defense organization, developing strong problem-solving, technical documentation, and analytical skills. Seeking a MERN Stack Internship to apply and further develop full-stack development skills in a professional environment.

TECHNICAL SKILLS

Languages: JavaScript (ES6+), HTML5, CSS3

Frontend: React.js, Tailwind CSS, Bootstrap, GSAP, AOS, Responsive Web Design

Backend: Node.js, Express.js, REST APIs

Database: MongoDB, Mongoose

Tools & Other: Git, GitHub, Vercel, Netlify, Graphic Design, UI/UX Principles

PROJECTS

QRify | React.js, Tailwind CSS

- Developed a responsive QR code generator supporting multiple QR types, customizable designs, and logo embedding.
- Implemented multi-format export (PNG, JPEG, SVG, PDF) using reusable React components and a clean, user-focused UI.

CRUD LITE | MERN STACK (React.js, Node.js, Express.js, MongoDB, Tailwind CSS)

- Developing a full-stack CRUD web application with secure user authentication using JWT and bcrypt password hashing. Applied component-based architecture to ensure maintainable, reusable UI code.
- Built a RESTful backend with Express and MongoDB Atlas, following MVC architecture and implementing protected API routes.
- Designed a responsive React frontend with React Router, reusable components, and Axios for API communication.

k-72 | React.js, GSAP, CSS

- Built an interactive website using GSAP animations and smooth-scrolling for dynamic UI interactions.
- Practiced advanced animation techniques and responsive layout design in React.

JavaScript Quiz App | HTML, CSS, JavaScript

- Created an interactive quiz app with randomized questions, instant score calculation, and responsive design.
- Applied DOM manipulation and event handling to deliver an engaging, real-time user experience.

PROFESSIONAL EXPERIENCE

IT & Cyber Security Professional

2025 – 2026

Government Defense Organization | Karachi, Pakistan

- Provided technical operations support and maintained system documentation in a high-security government environment.
- Diagnosed and resolved IT and cybersecurity issues, strengthening problem-solving and troubleshooting skills applicable to software development.
- Collaborated with cross-functional teams to ensure secure, reliable operation of critical systems.

EDUCATION

Bachelor of Science in Computer Science (BSCS) — In Progress

Expected 2027

ILMA University, Karachi
